- Conduct Rule: The use of any racist or abusive language is strictly prohibited. Furthermore, no speeches or comments directed aggressively or personally toward any individual or group are allowed.
- Judging Protocol: All judges are expected to work properly and impartially, evaluating speeches solely based on the official criteria (listed below).
- Awards Structure: Prizes will be awarded separately for the two language groups (English and Urdu). Additionally, awards will be granted separately for the Humorous and Serious categories.
- There will be only one round of declamation
